2024 Membership Year

The Minnesota Dental PAC (MINDENPAC) advocates for dental health. Our nonpartisan PAC exists to advance the dental profession and enhance patient access to oral health. MINDENPAC continues to represent the voices of dentists across the state and provides an influential presence at the Capitol each session. Contributions from dentists allow us to support friends of dentistry and help elect and re-elect legislators that support oral health and organized dentistry.

Thank you to those who have contributed to MINDENPAC from September 2023 to September 2024, your support is appreciated!

Governor + Club (\$500+)
